PROJECTS

Coder HUB 2024
https://coder-hub-one.vercel.app
Own my project
This project aims to build a web application where users can collaborate on editing code in real-time.Changes made by one user are reflected instantaneously on other users' screens.Support for popular programming languages (e.g., JavaScript, Python,Java, CPP).

IOT Base Plant Monitoring System 2023
Creating with my team members
An IoT-based plant monitoring system is designed to collect real-time data from various environmental and plant health parameters. This data can be used to optimize plant growth, detect anomalies, and improve overall agricultural efficiency.

MMCC Website Clone 2022
https://mmcc-edu-in.vercel.app
For Practice and increasing the CSS and JS skills.
I made this website by using HTML, CSS, JavaScript.
Fully Responsive for any screen size.

LANGUAGE

English **(Average)**
Hindi **(Native)**
